

We are implementing the federal pandemic containment order issued on Monday, Sept. 13, 2021 as follows:

Hotel guests who wish to visit our hotel bar, lobby or restaurant "Josephine" must be tested, vaccinated or recovered.

We are obliged to check the corresponding certificate upon arrival.

Guests who arrive without one of these 3 certificates (vaccinated, convalescent, tested), unfortunately we cannot accommodate.

Our premises do not offer the possibility to accommodate both groups of guests -with and without the certificate.

Our hotel does not have the capacity to offer room service or to ensure constant control in front of the restaurant or bar. Therefore, until further notice, we can accept reservations only for guests with certificate

Thank you for your understanding.
